# Altrad Generation Hire & Sale

Shaping The Future Of Construction & Industry.

Altrad Generation is one of the largest suppliers of Scaffolding, Temporary Fencing and Access. Also supplying to multiple sectors in Groundworks, Safety, Edge Protection and within Ireland, formwork and falsework.

## OUR CUSTOMER PROMISE IS TO DELIVER:

1

### **BEST QUALITY**

We work in partnership with our suppliers to ensure we deliver consistent quality every time. We guarantee that our hire and sales products will meet and conform or exceed all statutory requirements and not let you down.

2

### **BEST AVAILABILITY**

We have the largest available inventory of temporary fencing, water filled and pedestrian barrier products. Our branch network and delivery fleet will ensure that we deliver what you need, when you need it.

3

### **BEST PARTNERSHIP**

We provide a full range of engineering, design and business services to partner and work with our customers. Talk to us today about how we can help you to grow your business.

4

### **BEST PRICES**

We use our position as the largest supplier of scaffolding, fencing and access products to negotiate the best rates for you. We guarantee you will get the best value products and service when you hire or buy from us.

# Installation - Slot Block

1. Place Slot Block Barriers out and link with Jigsaw Fixing (male into female end as below)

2. Remove White water fill cap. Fill both barriers with water (145 Litres approx.) until water level reaches white cap level. Replace Cap. Barrier will withstand 57 mph when full.

**DO NOT UNDER FILL**

## Installation - Slot Block

**3.** Remove Fixing Bolt and add 3.5m x 2m fencing panel into slot (see Left) then tighten bolt. Fix Fence couplers provided by supplier to panels.

For draining, remove Yellow plug (see bellow) Stack barrier as per below.
